WHO WE ARE

We are a part of Foam Conversion Ltd - UK leaders in technical foams and custom foam conversion for manufacturers.

WHAT WE DO

Here at Audio, we specialize in manufacture of windshields for microphones. If you own a radio station, work for a tv station, have an event coming up or broadcast via Internet, then you have a chance to make it more recognizable and look even more professional!

HOW THINGS WORK

From concept to reality - we offer 'start-to-finish' solution, and all that in-house in 7 simple steps:

- DESIGN
- QUOTATION
- PRODUCTION
- PRINTING
- QUALITY CONTROL
- SHIPPING

HOW IT WORKS ?

ASK FOR A QUOTE

Fill out a form on our website or drop us an email asking for a quote. What we need to know is: microphone model (or **external dimensions of the mic's barrel/capsule**), quantity (quantity affects the unit price), preferred windshield colour (Pantone® reference recommended) and/or logo files if you wish for printed windshields

(**logo formats we accept:** .ai, .eps, .pdf, .cdr or a high resolution .jpg or .bmp).

RECEIVE PREVIEW

Once we collect all information to proceed with the design we will prepare and send you a few files with preview of what you asked for. It usually takes up to few hours.

CHOOSE WHAT YOU LIKE

If you like what you see, just approve the desired file and let us know!

LET THE PRODUCTION BEGIN

When we receive approval from you the magic begins. It usually takes 3 weeks for the order to be complete and shipped to you. If you are in a rush, let us know while enquiring and depending on the stock, production schedule etc. we can ship the order out within a week.

WHAT WE OFFER

WINDSHIELD SHAPES

We offer spherical, cylindrical, 3-sided or 4-sided windshields with variety of dimensions to suit all needs. If you have any special requirements we can make a custom made windshield just for you!

WINDSHIELD COLOUR

If you want printed windshields, send us your logo first to help choose a colour that suits it best, otherwise just let us know of your needs. Pantone reference strongly advised.

WINDSHIELD COLOUR FINISH

We offer windshields in two cover finishes: raw foam finish (we stock six basic foam colours - black, white, red, blue, green, yellow) and flocked finish (brushed velvet finish matched to the provided Pantone® reference).

PRINT FINISHES

You can choose one of three different print types: up to 4 colour cutflock (velour finish, wide choice of solid colours), full colour sublimation print, or a mix of cutflock and sublimation.

C	21	01

windshiled shape	windshiled model	windshiled hole size

-  T - triangular
-  C - cylindrical
-  S - square

Available hole sizes
for reporter range

01 hole size Ø 17mm
02 hole size Ø 23mm
03 hole size Ø 35mm
04 hole size Ø 40mm
*custom hole sizes by request

Available hole sizes
for Studio range
C2101 - Ø 45mm
C2102 - Ø 55mm

*custom hole sizes by request

Cylindrical series - C1100 / C1200 / C9000 / C1500
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 2 sides vertically or horizontally

Cylindrical series - C1300 / C1400 / C1800 / C1900
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 2 sides vertically or horizontally

Cylindrical series - C4400 / C4700 / C4600
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 2 sides vertically or horizontally

Cylindrical series - C4500 / C4200 / C1600

Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 2 sides vertically or horizontally

Cylindrical series - C4300 / C4100 / C4800

Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 2 sides vertically or horizontally

Cylindrical SPT series - C9000spt / C1100spt / C4400spt

SPT series comes as one piece - windshield with triangular flag
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 3 sides vertically or horizontally on both, the windshield and the flag

Triangular series - T1100 / T1300 / T1400
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 3 sides vertically or horizontally

Triangular series - T1500 / T1200 / T1210
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 3 sides vertically or horizontally

Triangular series - T1600 / T1700
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 3 sides vertically or horizontally

Square series - S1100 / S1500 / S1600

Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 4 sides vertically or horizontally

Square series - S1400 / S1300 / S1200

Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 4 sides vertically or horizontally

Spt series - T1600spt / T1300spt / S1100sps

Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 4 sides vertically or horizontally

Cylindrical series - C3100 / C3200 / C3300 / C3400
 Available hole size 17 or 23mm diameter
 Can be used on a handheld or camera mounted microphone
 Logo can be printed on all 2 sides vertically or horizontally

Cylindrical series - C3600 / C3700 / C3500 / C3900
 Available hole size 17 or 23mm diameter
 Can be used on a handheld or camera mounted microphone
 Logo can be printed on all 2 sides vertically or horizontally

C3900

Available hole size 17 or 23mm diameter
 For use with VideoMic camera mounted microphone
 Logo can be printed on all 2 sides

Triangular series - T3100 / T3200 / T3300
Available hole size 17 / 23 / 35 mm diameter
Can be used on a handheld or camera mounted microphone
Logo can be printed on all 3 sides vertically or horizontally

Square series - S3100 / S3200 / S3300
Available hole size 17 / 23 / 35 mm diameter
Can be used on a handheld or camera mounted microphone
Logo can be printed on all 4 sides vertically or horizontally

AUDIO

Cylindrical series - C2100 / C2200 / C2400 / C2500 / C4100 / C4600
Available hole size 45mm / 50mm or 55mm diameter
Logo can be printed on all 2 sides vertically or horizontally

Square and Triangular series - S1400 / S1300 / T1300
Available hole size 17mm / 23mm / 35mm or 40mm diameter
Logo can be printed on all 4 sides vertically or horizontally

Mobile series

Logo printed on all 2 sides, by request top also can be printed
Available models: iPhone 4 & 5 - iWS100 / iPhone 6 & 7 - iWS6 / 6+ & 7+ - iWS6+ / Samsung Galaxy - SWS

iWS100 / iWS6

iWS6+

SWS

ZOOM series

Logo printed on all 2 sides, by request top also can be printed
Available models: Zoom Q3 / Zoom H1 / Zoom H2 / Zoom H4 and more

Nagra

Logo printed on all 2 sides, by request top also can be printed

CUSTOM WINDSHIELDS

IN-HOUSE TOOLING

We own in-house tooling facilities, so anything is possible. Well, almost anything...

But we like challenges, so send us your technical drawings or give us a ring and we will assist you further.

In the main we can manufacture bespoke tooling for a wide variety of product sizes, shapes and 3D surfaces, whether that be for one-off trials, prototypes, short runs or full production on a call-off basis.

We have expertise in manufacturing specialist audio foam parts from miniature windshields/windcreens for headsets and # microphones (on the scale of 10mm) up through to large microphone mufflers (on the scale of 500mm) used for sound level meters and broadcast equipment.
